Release Note DS-X01 VA1 v9.0.10.7

(This version is only compatible with the new HW version – VA1)

Device Hardware Version

1. Please find your device serial number (S/N), it can be found either on the label or on the web Administration page.

2. Check the 10th digit of the S/N. If it is "V", then the device has the new hardware. If it is "0", it has the original hardware and is not compatible with the firmware series described in this release note.

Issue Fixed & Modification

- Add daily power on/off scheduler.
- Add a button for system restart.

- Notice: During the firmware update progress, please always keep the power on to prevent permanent system unstable or damage.
