Release Note LS-US2 v1.2.1.22

New Features

N/A

Issue Fixed & Modification

V1.2.1.22

- Fixed "The Station didn't respond to USB numeric keyboard controls."
- Fixed "A newly added theme was placed at the beginning of the list instead of at the end."
- Fixed "The web interface didn't automatically update the USB video devices list when a configured USB video source was removed."
- Fixed "The Station failed to perform daily power-on if its power had been accidentally disconnected previously."

- Notice: During the firmware update progress, please always keep the power on to prevent permanent system unstable or damage.
- Please reset after updating LS-US2 from version v1.1.x.x to v1.2.x.x.
- The configuration file exported from v1.1.x.x may not be compatible with v1.2.x.x. It is recommended to take noted of all settings before upgrading the firmware.
