AREC KL-3T
Portable Media Station

- All-in-One Device with 10.1-inch Touch Panel to Offer Up to 3 Full HD Video Sources Capturing, Mixing, Switching, Recording and Live Streaming
- Portable Design for Easy Move and Place
- Touch-Friendly Graphical User Interface Makes Live Production Easier

Main Features

Capture Up to 3 Video Sources at the Same Time

Via HDMI, VGA, RJ-45 interfaces or streaming inputs, KL-3T supports multiple video and audio recording at once. As users choose "mixed plus original sources mode" recording, KL-3T can provide 1 mixed video and 3 individual source videos for flexible use.

Portable Design for Easy Move

With 10.1" LCD screen, AREC KL-3T is a portable and all-in-one Media Station, allowing users to simultaneously capture, switch, mix, stream and record live/multi-sources events in demanding portable applications*.
* KL Travel Case is the optional accessory.
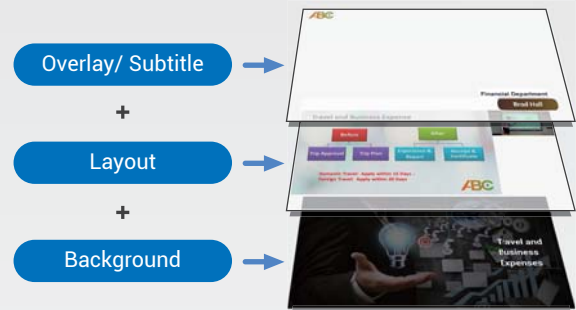

Touch-Friendly On-Screen Graphical User Interface

With the interactive display and built-in graphical user interface (GUI)*, KL-3T allows users to start or stop recording/streaming, change recording layouts, and playback videos with easier control. KL-3T also provides control buttons on the top of machine.

* The on-screen GUI supports mouse device control through USB connection.

Adding Titles & Graphics to Your Video

With KL-3T, users can easily switch and mix between sources, add or remove logos, backgrounds, overlay graphics, and subtitles to create their own custom and professional lecture video. KL-3T can stream mixed video to up to 2 platforms simultaneously, such as YouTube, Facebook, and other live broadcasting websites.

AREC Video Manager: Videos with Just One Click

With the built-in video management platform, administrators or teachers can manage videos stored in the local Media Station remotely. They can download, upload or delete a video file, and edit video information. With available APIs, all of the video content, metadata, and thumbnail can be delivered seamlessly for third party integration.
Recording and Backup

KL-3T is integrated with Panopto, Kaltura, and Opencast platforms. It can also record and save hundreds of hours recording videos with internal 1TB hard drive. KL-3T supports automatic backup and upload of recordings after their completion to AREC MediaCenter, FTP, and SFTP servers, and can use NAS for storage.
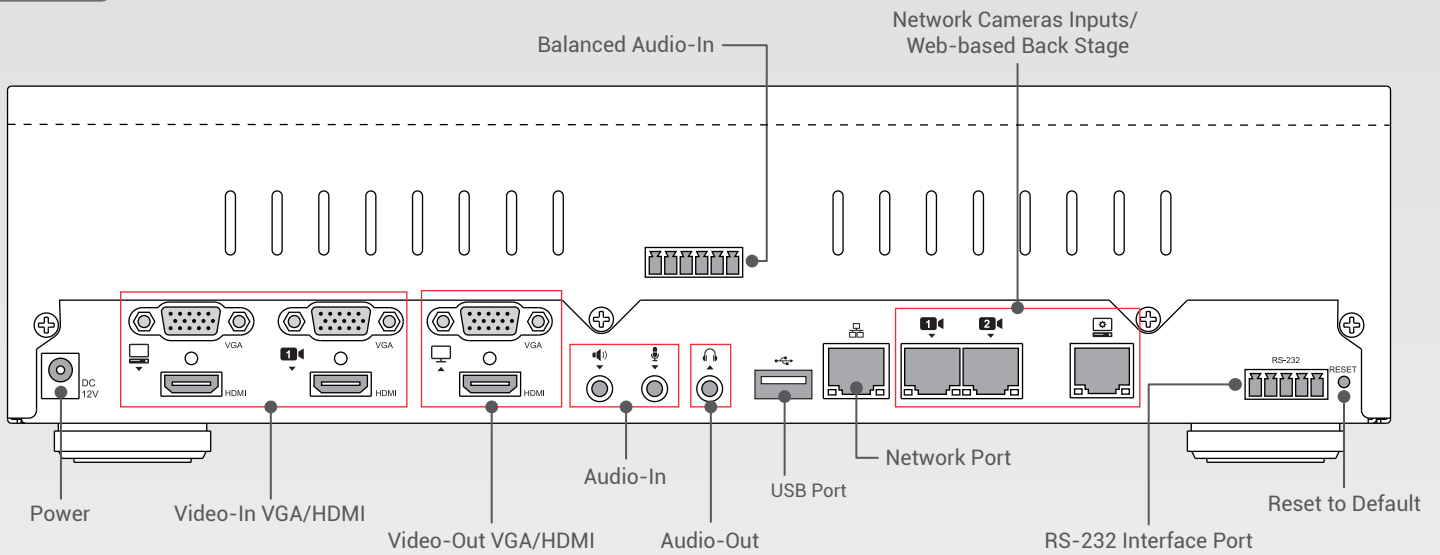

Built-in SATA 2.5" HDD Storage
